"Helping Business Owners and Professionals Retire on Time"

Monday, December 28, 2009

Dear Tax Client,

We hope that you are had an enjoyable Christmas and would like to wish you a happy new year.

As you know, tax preparation season is rapid approaching and we will be sending out your tax organizer within the next few weeks. In preparations for getting your tax info together, I have a suggestion:

**Record your vehicle odometer reading as of 12/31.  
One good place is on your organizer.**

As a business owner or employee, you have been able to deduct miles driven for a business or as an employee business expense on your tax returns. In order to more accurately deduct your vehicle expense, we would like you to record your odometer reading as of 12/31/2009 and each year thereafter. If later you are audited by the IRS or some other government agency, this odometer reading could be useful.

As usual, if you have questions, you can contact me by e-mail: [dave@retireontime.net](mailto:dave@retireontime.net) or by phone (734) 975-8711.

Thank you for your business and referrals. My business continues to be successful because of great Clients like you. If you know anyone else who would value my services, please let me know. With their permission, I would be happy to call and introduce myself. Anyone you refer will receive special attention and the finest service.

All the Best,

David E. Parker, CPA
